

Did you Know?

A high school graduate and a college graduate may actually begin their careers making roughly the same pay. But over time, the college graduate's salary will more than triple that of the high school graduate's.

These are the facts.... Students who go on to further their educations are less likely to be unemployed and will earn more than those who just complete or don't complete high school.

Want to earn a higher salary?

Want to maintain a higher standard of living?

Want to have a more successful, rewarding career?

**The Key is
EDUCATION!**
